HOW TO SHOP SMART AND SAVE MONEY?

As Marilyn used to say: '**Happiness is not in money but in shopping.**' We agree with her 100% and this is why saving with us is nice and easy. We don't give up shopping to save money, but we prefer to shop smart and benefit from rebates and special offers. We want to teach you how useful this habit is. With us you also save time: you order products online and the courier will deliver them to the chosen address. Quickly and efficiently.

How it works:

Each Partner gets a 25% discount for the products from the catalogue.

Your shopping list	Catalogue price	Partner Price (with a discount)	You save
Perfumes	49,00 zł	36,75 zł	12,25 zł
Whites gel	30,00 zł	22,50 zł	7,50 zł
Perfumed laundry conditioner	28,00 zł	21,00 zł	7,00 zł
Total:	107,00 zł	80,25 zł	26,75 zł
Annually:			321,00 zł

That's not all. Saving make sense and gives you satisfaction when you set yourself a goal.
Think – how can you spend the 300–400 PLN you can save?

I'm saving money so that I can...

Thanks to Prouvé I have already put aside...

Precious advice:

Follow us on our website and in social media. There, you'll find information about additional campaigns and special offers addressed to our Partners. You'll save even more money!

HOW TO SELL AND MAKE MONEY?

At the beginning, we've promised that we'll do our best to make your favourite products always affordable. We make sure they have a good price, and, what is more, we let you earn money by reselling them and keeping the margin for yourself.

How it works:

Show the catalogue to your friends and ask them if they want to order Prouvé products from you.

Your shopping list	Catalogue price	Partner Price (with a discount)	Difference
Perfumes	49,00 zł	36,75 zł	12,25 zł
Perfumes	49,00 zł	36,75 zł	12,25 zł
Universal Gel	24,00 zł	18,00 zł	6,00 zł
Total:	122,00 zł	91,50 zł	30,50 zł
Annually:			366,00 zł

The difference between the Partner Price and the price for which you sell the products gives an instant profit. You can spend the money you earn this way to buy more Prouvé products for you and your family or buy something else!

I'll spend the I've earned on...

Precious advice:

Never sell on credit. The client should pay for the products when you deliver them the good. If the client does not pay for the order straight away, don't give them the products. Find another client.

HOW TO RECOMMEND AND MAKE MONEY?

When you work with Prouvé you can do one simple thing to start earning – recommend. Surely, you have recommended a nice restaurant to your friends, a proven mechanic or a doctor. That is what multi-level marketing (MLM) is about – recommending proven products and services.

👉 How it works:

Ask your friends and previous clients if they would like to become Partners of Prouvé and shop on their own. If they do, you'll become a Recommending Person and help them to become Partners. You start building your own Structure.

Each product in the catalogue is worth a specific number of points. Whenever you buy Prouvé products, your Partner Account will be credited with an appropriate number of points (you can check your score on the Prouvé website after signing in).

When Partners from your Structure buy products, both you and them score points. Every month, the points earned for the products you and the Partners from your Structure bought translate into your Ranking.

For a specific Ranking at Prouvé and for your and your Structure's turnover every month you can get a remuneration or a rebate.

Remember!

In order to obtain a rebate or a remuneration for a given calendar month is to make a minimum Personal Turnover of 50 points during this month.

Precious advice:

Remember that recommending is efficient, if it triggers purchases, because the points that your Partner Account is credited with come from purchases. Your rebate or remuneration will depend on the number of points your Structure scored in the given months and other factors.

YOUR REMUNERATION AND MONTHLY FINANCIAL REPORTS

The Prouvé Career Plan consists of three components:

Prouvé Brand Partners' Club

Prouvé Brand Ambassadors' Club

and Prouvé Brand Elite Ambassadors' Club

The value of your remuneration (or rebate) is connected to the Structure's Turnover and its arrangement. In the Partners' Club, it depends on your Ranking and the Ranking of the Partners at the first level of the Structure depth wise.

In the Ambassadors and Elite Ambassadors' Clubs, your remuneration depends on the Structure's Turnover but it is also related to your Total Point Turnover. Every month, at www.prouve.com in the financial report section, you will find a report from the previous month with your Total Point Turnover and the remuneration (or rebate) you're eligible for.

Each month is a new challenge. You start collecting points from the beginning, so in the next calendar month you can get a higher Ranking and obtain a new Title.

Rebate vs remuneration

Recipients and Customer Assistants are entitled to a rebate when they meet the requirements set forth in the Career Plan, the Agreement, and the Terms and Conditions of Cooperation. You can claim your rebate in the next calendar month, as soon as it is granted (you will see it when you sign in to www.prouve.com) – it can amount to as much as 90% of the value of your next order! You can use your Rebate until the end of January following the year in which the Rebate was granted.

If you choose to run your own business with Prouvé (to cooperate with us as an Entrepreneur), when you meet the requirements laid down in the Career Plan, the Agreement, the Cooperation Agreement and the Terms and Conditions of Cooperation, and make an invoice – you will receive your remuneration.

Precious advice:

Your structure should be proportional – build both your width and your depth! The depth gives your Structure stability, and width yields better profits. Remember about the right balance!

YOUR CAREER PATH

When you begin your adventure with Prouvé, buy products and get to know them, you become our Brand Partner. If you invite a lot of people to the Prouvé Club and they become Brand Partners just like you, you can become a Prouvé Brand Ambassador. If your Structure starts achieving a few millions worth of turnover, you can be promoted to an Elite Ambassador of Prouvé.

Eligibility criteria in the PARTNERS' CLUB.

By inviting more people to cooperate with us, you start building a Structure and, automatically, you become the leader of your Structure. Your turnover will have an impact on the value of your remuneration (or rebate).

Eligibility criteria in the Prouvé Brand AMBASSADORS' CLUB.

It is another stage of your career at Prouvé. You qualify for it when in your Structure you have at least one Partner with a Ranking of 21% and the required Structure's Turnover. Your remuneration will be a total of the remuneration calculated in line with the rules governing the remuneration in the Partners' Club and the remuneration calculated in line with the rules specified for all the Rankings in the Ambassadors' Club for which you qualify in a given calendar month.

Calculating the REMUNERATION in the Prouvé Brand AMBASSADORS' CLUB

Partners qualified for the Ambassadors' Club distribute among themselves as much as 10% of the Total Point Turnover.
Look at the table showing the detailed distribution of percentage shares for particular Rankings.

Title	Percentage share in the Total Point Turnover to be divided among all the Partners who in a given calendar month meet the eligibility criteria for the given Title.
Ambassador 1 golden *	 5%
Ambassador 2 golden *	 1,25%
Ambassador 3 golden *	 1,25%
Ambassador 4 golden *	 1,25%
Ambassador 5 golden *	 1,25%

Remunerations due for particular Titles in the Ambassadors' Club sum up, so as an Ambassador with 5 golden* you get not only the remuneration as an Ambassador with 5 golden*, but also as an Ambassador with 1, 2, 3, and 4 golden*.

👉 How it works:

Imagine a cake you need to divide among your guests. But not everyone will get an equal share. The guests who brought the most ingredients required to make the cake get the biggest pieces. That's how our remuneration system works: the people who helped the most to bake the cake in a given month, get the biggest share. We follow the following formula:

$$\frac{\text{Total Point Turnover} \times \text{your Compensation Points} \times \% \text{ to be divided among people with the same Ranking}}{\text{sum of all Compensation Points of all the eligible Partners with a given Ranking}}$$

To calculate how big a piece of 'cake' you will get, we need Compensation Points.

HOW TO DOUBLE YOUR EARNINGS?

When you become an Ambassador with 5 golden★ and succeed in maintaining this Ranking for 6 months in a row, you will be rewarded with a Second Partner Number. This privilege is reserved only for Ambassadors with the biggest dynamic of development and a stable Ranking. It will allow you to build another Group in your Structure, collect a second remuneration due for the Ambassador Ranking and, at the same time, build the balance necessary to join the Elite Ambassadors' Club. You can activate your Second Number only within the Structure you started in the place of your choice.

EFFICIENCY BONUS FOR PROUVÉ BRAND AMBASSADORS' CLUB

As soon as you become an Ambassador with 1 golden★, you'll get a special bonus: 0.4% of the Total Point Turnover divided among all the Partners who in the given calendar month have achieved the same Ranking.

The bonus is also awarded to Ambassadors with 2 golden★, 3 golden★, 4 golden★, and 5 golden★.

$$\text{Your bonus} = \frac{\text{Total Point Turnover} \times \text{your Compensation Points} \times 0.4\%}{\text{total Virtual Points of all eligible Partners with a given Ranking}}$$

Monthly Turnover of the Structure	Your Ranking	Your Minimum Monthly Personal Turnover	Percentage share in the Total Point Turnover to be divided among all the Partners who in a given calendar month meet the eligibility criteria for the given Title

at least 160 000 pts	Ambassador 4 golden★	50 pts	0,4%
at least 250 000 pts	Ambassador 5 golden★	50 pts	0,4%

This is a bonus you get for your highest Ranking/Title you achieve in a given calendar month, for example as an Ambassador with 3 golden★ 21%, you will get a bonus earmarked for an Ambassador with 3 golden★. When you collect a bonus as an Ambassador, you're no longer entitled to a bonus from the Partners' Club.

Eligibility criteria in the Prouvé Brand ELITE AMBASSADORS' CLUB.

When your Structure starts making a few millions worth of turnover, a new stage in your career begins: you can be promoted to an Elite Prouvé Brand Ambassador. At this stage, your remuneration will be a total of the remuneration calculated on the basis of the rules governing the remuneration of the Partners' Club, Ambassadors' Club and the remuneration calculated in line with the rules specified for all the Rankings in the Prouvé Brand Elite Ambassadors' Club for which you qualify in a given calendar month.

Calculating the REMUNERATION in the Prouvé Brand ELITE AMBASSADORS' CLUB

Partners qualified for the Elite Ambassadors' Club divide among themselves as much as 1.8% of the Total Point Turnover.
Look at the table showing the detailed distribution of percentage shares for particular Rankings.

Title	Percentage share in the Total Point Turnover to be divided among all the Partners who in a given calendar month meet the eligibility criteria for the given Title.
Elite Ambassador 1 diamond★	 0,6%
Elite Ambassador 2 diamond★	 0,6%
Elite Ambassador 3 diamond★	 0,6%

Remunerations due to particular Titles in the Elite Ambassadors' Club sum up, so as an Elite Ambassador with 3 diamond★ you get not only the remuneration as an Elite Ambassador with 3 diamond★, but also as an Ambassador with 1, 2, 3, 4 and 5 golden★ and as an Elite Ambassador with 1 and 2 diamond★.

We will calculate the value of your remuneration like we do in the Ambassadors' Club following this formula:

$$\frac{\text{Total Point Turnover} \times \text{your Compensation Points} \times \% \text{ to be divided among the people with the same Ranking}}{\text{Total Virtual Points of all eligible Partners with a given Ranking}}$$

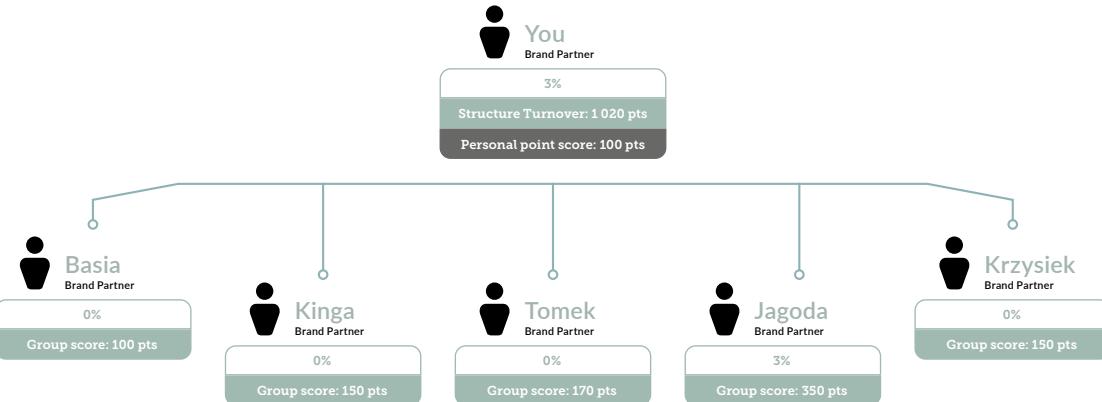

The method of calculating Virtual points for Elite Ambassadors is different.

CALCULATING VIRTUAL POINTS FOR ELITE AMBASSADORS:

Title	Virtual Points for the strongest Group	Points for the remaining part of the Structure, including Personal Points used for calculations
Elite Ambassador 1 diamond *	depending on the turnover: all for the Group Turnover below 1,250,000 pts 1,250,000 for a Group Turnover amounting to at least 1,250,000 pts all	all

How to calculate the remuneration/rebate in the Prouvé PARTNERS' CLUB – examples

CALCULATING THE REBATE/REMUNERATION FOR A SAMPLE STRUCTURE PARTNER WITH A RANKING OF 3%

Let's assume that the Structure you created has scored 920 pts. You have 100 personal pts. The sum of your Points and your Structure's Points equals 1020 pts, which qualifies you for the 3% Ranking. Now, this is how we'll calculate your rebate/remuneration:

Person	Score	Ranking	Difference between your Ranking and the Ranking of the Partner directly beneath you in the Structure	Calculations	Total
You	100	3%	—	$100 \times 3\% = 3,00$	
Basia's group	100	0%	3%-0%=3%	$100 \times 3\% = 3,00$	
Kinga's group	150	0%	3%-0%=3%	$150 \times 3\% = 4,50$	
Tomek's group	170	0%	3%-0%=3%	$170 \times 3\% = 5,10$	
Jagoda's group	350	3%	3%-3%=0%	$350 \times 0\% = 0,00$	
Krzysiek's group	150	0%	3%-0%=3%	$150 \times 3\% = 4,50$	
20,10 zł					

Look:

For this calendar month, your rebate/remuneration will be **20.10 PLN**. Apart from you, Jagoda has also received her first rebate/remuneration – she has earned as much as **10.50 PLN**.

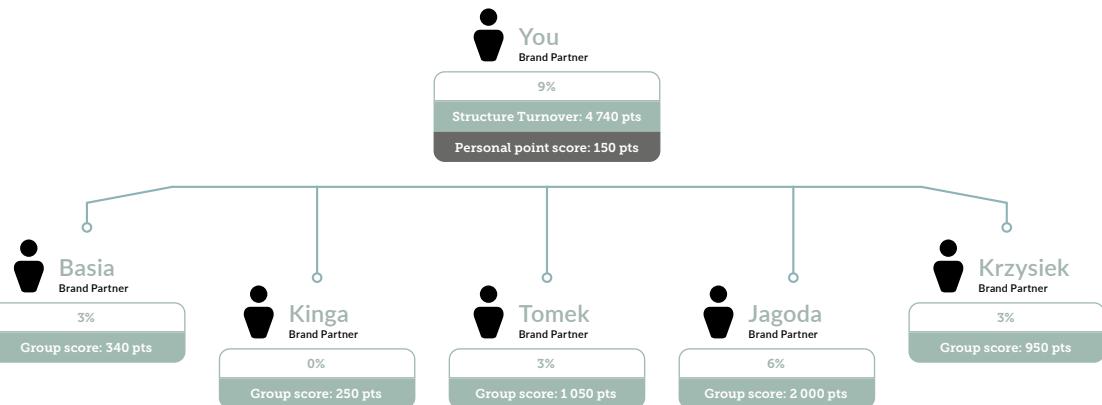

Precious advice:

You want to increase your turnover? Don't tell your Structure how you work. Show them. Don't tell them about the products. Let them try for themselves.

CALCULATING THE REBATE/REMUNERATION FOR A SAMPLE STRUCTURE PARTNER WITH A RANKING OF 9%

In the next calendar month your Structure has grown, and so has its turnover.

Together you have 4,740 pts and you have a 9% Ranking.

DEFINITIONS:

Compensation Points:

points from a given month resulting from the Structure Turnover and the layout (composition) of the Structure.

They include Virtual Points, Personal Points and other points specified by the rules of eligibility. The number of Compensation Points has an impact on the value of a Partner's remuneration in the Ambassadors' Club and the Elite Ambassadors' Club.

Compensation Pool:

the sum of rebates and remunerations not awarded or not paid out if the Minimum required personal turnover has not been achieved. Every time, having heard the opinion of the Council of Ambassadors, Prouvé will decide how the Compensation Pool will be allocated.

Depth:

the number defining the distance between the Recommending Person and other Partners in the Structure. Each Structure can have an unlimited number of levels depth wise. It gives stability to a Structure.

Efficiency Bonus:

3.2% of the Total Point Turnover which contributes to the remuneration (rebates) for the Partners with the Ranking of 15%, 18% or 21% or the Title of Ambassador 1 golden★, 2 golden★, 3 golden★, 4 golden★ and 5 golden★ (0.4% for all Partners with the given Ranking or Title). To be eligible for the bonus you need to achieve one of the listed Rankings or one of the indicated Titles, have the required minimum Personal Turnover, and your structure must comply with the 40/60 balance condition (required only for Rankings 15%-21%).

Regardless of the Ranking or the Title achieved, you can collect only one Efficiency Bonus for the highest Ranking>Title (bonuses for particular Rankings/Titles do not sum up).

The Remuneration shall be paid within 14 days of receipt of a correctly issued invoice. If the Remuneration was calculated on the basis of the score awarded for products that were later returned to Prouv  and if the return was due to acts or omissions of the Entrepreneur, in particular to undue refusal to accept the parcel, Prouv  shall have the right to recalculate the Remuneration due to the Entrepreneur, and if the Remuneration has already been paid – to offset the amounts due to Prouv  against the payments due to the Entrepreneur from Prouv  or to request that the undue benefits be returned.

The remuneration is expressed as a net amount.

In such a case Prouv  will have the right to award negative points to the Partner in the amount equivalent to the points awarded for the products that were returned to Prouv . The rebate is expressed as a gross amount.
